RENEWING
OUR CATHEDRAL

CATHEDRAL ISLE OF MAN

Formally the parish church of German, (including the city of Peel), Cathedral Isle of Man was consecrated as a Cathedral in 1980. Now it serves as the Cathedral for the Church of England diocese of Sodor and Man, which covers all of the Isle of Man.

As an Anglican Cathedral it is a place of worship, but its role extends well beyond the church community, as it welcomes people of all faiths and none across the Island to use the facilities for musical and civic events, as well as religious occasions.

Despite its only recent consecration, the Cathedral was built between 1879 and 1884, and through its links Island culture, has a wealth of history and knowledge that can be shared and enjoyed by the community. Now, through a £2.1million scheme, we must focus on developing the Island's Cathedral - preserving its historic beauty whilst providing a more versatile building for community use.

"AS BISHOP OF SODOR AND MAN, I AM FULLY SUPPORTIVE OF THIS INSPIRATIONAL CAMPAIGN TO DEVELOP THE CATHEDRAL FACILITIES. THE ISLE OF MAN HAS AN IMMENSELY RICH HISTORY AND CULTURE. I AM DELIGHTED THAT THE CATHEDRAL IS LEADING THE WAY FOR THE ISLAND IN PROVIDING A FIRST-CLASS VISITOR DESTINATION FOR ALL".

The Right Reverend Robert Paterson, Bishop of Sodor and Man

"A BEAUTIFUL SERENE PLACE OF WORSHIP. THE FORESIGHT OF YOUR DEVELOPMENT PROGRAMME IS WONDERFUL, LONG MAY IT CONTINUE. GOD BE WITH YOU".

Sandra & Nick Cooling, Australia – Visitors

PUBLIC SPACE

We have plans for the re-ordering of the Cathedral, increasing its capacity not only as a place of worship, but as an important community resource for the Island's cultural and civic events. Developments include the installation of under-floor heating using green technologies creating a warm and welcoming venue for community, congregation and visitors even in the coldest winter months! A levelled floor will ease disabled access and make the space more flexible for all users. An updated sound system will improve the delivery of ceremonies, celebrations and other events.

Within the building, we will create a chapel for quiet reflection, along with a creche and meeting room for public use. New toilets will be installed to improve the visitor experience. In addition, a Chapter House with much-needed office space will sit within the adjacent Cloister development.

With these improvements our Cathedral can become a true public facility, open for use by pilgrims, visitors and community alike.

STRUCTURAL HEALTH

In developing the Cathedral for wider use, we must also ensure the building is structurally secure. With that in mind, a scheme of restoration and repair has been devised for the Cathedral's exterior, including the preservation of the wonderful West Window.

In addition, re-slating the roof, renewing vital stonework and replacing the rainwater drainage systems will ensure the Cathedral remains structurally sound for decades to come and can accommodate the needs of the community it was designed to support.

BE PART OF THE RENEWAL

We must make the most of this unique asset: the Island's Cathedral. If you would like to make a gift towards Cathedral Isle of Man, please contact the Office via [01624 844830](tel:01624 844830) or campaign@cathedral.im
